

Student Checklist

This checklist will help ensure that you have all the necessary information available BEFORE you begin the online registration for the Sacramento Regional STEM Fair. This is very important because you CANNOT save your work on the online registration.

We suggest you prepare a project outline (i.e. Abstract, Materials List, Procedures, etc.) in an external word processor prior to beginning the online version, so you can simply copy and paste answers when you complete the registration.

As sent out to our participants via email, and as listed on the Sac STEM Fair Website, the 2025 Sacramento Regional STEM Fair needs to request a \$20 registration donation from each project to complete the registration process. These fees will go toward the operating costs of holding an in-person Fair, and ensure that folks that sign up for the fair, attend! Your donation amount has no affect on how you place in the Sacramento Regional STEM Fair.

Checklist

- You have completed your abstract
- You have completed your hypothesis
- You have completed your materials list and procedures
- You have completed your bibliography (with no fewer than three RELIABLE sources!)
- You have decided what category to enter your project into
- You have decided on a Title
- You have downloaded all necessary additional forms for your project registration. Don't know what forms you need still? Please review the [Roadmap](#).
- You have collected everyone's email addresses - your partner(s) emails, your parent's emails, your teacher's emails, your qualified scientist's emails
- You parents have already signed the [signature page](#)
- You are ready to upload all additional forms
- You have paid your registration fee, or applied for a fee waiver

Guide

This guide is meant to help all students - whether this is your first or 7th time filling out registration. We've tried to keep it short and sweet, but there is a lot of information we need to approve your project!

In order to prepare yourself for what the online registration asks, we've created a couple of documents for you.

We've created a Roadmap for you to identify what additional forms you will need. ALL PROJECTS NEED SOME ADDITIONAL FORMS. Check them out on the [Roadmap](#).

If you are still stuck, feel free to call or email us at (916) 441-3150 or sacSTEMfair@sacSTEMfair.org. Or ask your teacher if bringing STEM Fair staff out to help your class is an option.
